

NEW PRESIDENT FOR BEREA COLLEGE

Prof. Wm. J. Hutchins, of Oberlin, Accepts Call—Frost Retires After Splendid Service

News has been received here from Berea that Prof. William J. Hutchins, of Oberlin College, Ohio, has accepted a call to the presidency of Berea College. President Wm. Goodall Frost tendered his resignation to the trustees some time ago. Continued ill health is said to be the cause of his wishing to relinquish his duties as head of this great institution, which he has served so faithfully and so well for over 28 years.

Prof. Hutchins has accepted the call extended to him by the trustees and is expected to begin his services about September 1st. He comes highly recommended and qualified in every way. He is a graduate of Yale, and has long been a close friend of President Frost, and will be admirably equipped to carry out those far-sighted policies of President Frost which have enabled Berea College to do the great work for the children of the southern mountains, that will ever stand as a monument to President Frost and his able assistants.

HUNS BEHIND IRISH UPRISING

(By Associated Press)
London, April 7.—Bulletin—Recent unconfirmed reports of a Sinn Féin plot for an armed uprising in Ireland are based on fact according to the Irish police, they assert they have information not only indicating an uprising was intended but that certain Germans in Berlin had engaged to furnish war material.

Huns Protest To French

(By Associated Press)
Berlin, April 7.—The German Charge D'Affaires in Paris has been instructed to hand the French government a note protesting against French occupation of Frankfurt and other territory on the right bank of the Rhine. It asserts the movement in the Ruhr region, had it not been quickly suppressed by the German troops, would have shaken the German republic to its foundation.

Paris, April 7.—The entry of German government troops into the Ruhr region has interrupted negotiations for an economic understanding between France and Germany and in authoritative circles here there is a conviction that it was deliberately planned for that purpose. In the course of the negotiations, Germany asked a basis for such an understanding that France helped execution of the Versailles treaty, including of punishment of persons guilty of aggressions against Allied officers and demobilization of the German army. The theory is that the military party decided to take radical actions.

NEW SCHOOL TAX HITS PEOPLE HARD

Fiscal Court Forced By New State Law To Raise School Levy From 14c to 40c

Taxes for the coming year took a big upward leap in Madison county Tuesday as a result of the work of the recent legislature, which just adjourned. Because the legislature made it mandatory that a 25-cent tax on each \$100 be levied to pay county teachers' salaries, the Madison school tax was raised from 14 cents on the \$100 to 40 cents on the \$100 by the Fiscal Court. The magistrates had no alternative under the law but to vote the school levy asked for by the County Board of Education. This board was compelled to ask for 25 cents for salaries, and it really increased its own levy for the maintenance of schools from 14 cents to 15 cents; which added to the 25 cent salary levy makes up the 40-cent levy, which the Fiscal Court was compelled to fix under the law.

The Fiscal Court at its regular meeting Tuesday fixed the remainder of the tax levy for the year at the same figures—25 cents for the general fund; 25 cents for roads, 5 cents for the old railroad bonds and 40 cents for the state; all of which added to the school tax of 40 cents, will make the entire county levy this year \$1.35.

The Fiscal Court members, all of whom were present, held an all-day meeting going over claims and the settlement with the sheriff on tax exonerations.

In an effort to relieve taxpayers of some of the additional burdens that were placed upon them by the legislature, the court abolished the county poll tax of \$1.50 a head. This however, under the law, cannot go into effect until next year. It will help some.

The roads question received lengthy attention from the magistrates. Judge W. K. Price, County Road Engineer J. G. Baxter, and County Attorney O. P. Jackson, were named a committee to go to Danville Friday and discuss the building of the new federal highway with representatives from the other counties concerned, at that place.

The court voted to work the prisoners in the county jail upon the stretch of two miles of dirt road which connects the Four Mile pike and the Union pike. Squire Pleas Benton will give this work his personal attention. He says there is plenty of rock close by and he's going to see to it that a good job is done.

From The Local Legion Post

BAZAAR MADE \$1,100 FOR P. A. C. INFIRMARY

Canvassing of the financial returns from the bazaar conducted last Saturday for the P. A. C. Infirmary, at the regular meeting of the board Tuesday, revealed the fact that over \$1,100 was netted for this very worthy institution. This figure broke all previous records, for never before has such a handsome amount been realized from such endeavors. Everything the ladies offered for sale seemed to bring unusually high prices and they were quickly sold out on almost everything. All are very grateful for the generous patronage which was accorded them, and the institution that they represent.

SITES CHOSEN FOR TWO NEW SCHOOLS

Handsome Buildings Planned For Red House And Science Hill Consolidated Schools

The County Board of Education selected the sites for two new consolidated country schools, which will become Junior High Schools, if attendance justifies, and fixed the school tax levy for the ensuing years, at its regular meeting here Tuesday. The levy was raised from 14 cents on each \$100 worth of property to 40 cents, which was mandatory by the recently enacted state law that requires a tax levy of 25 cents on the \$100 for teachers' salaries alone; the remaining 15 cents will go for maintenance and other school necessities. It is estimated that the tremendous increase in school taxes will raise something like \$73,000 for teachers salaries in Madison. The new state law fixes the minimum salary that can be paid at \$75 per month. Supt. Ben F. Edwards says that the salaries will be graded under the new law, according to qualification of the teacher, and he expects the lowest salaries in this county to be between \$80 and \$85 per month. The salaries of the principals of the schools will automatically become \$150 a month, the new state law requiring a 50 per cent salary raise for them. There are about 125 teachers in Madison county's country schools who will be affected by the salary increases that are provided for under the new law and new levy.

The County Board chose a site at the junction of the Lexington and the Boonesboro pikes as the site for the Science Hill consolidated school. The school districts which are embraced by it are Science Hill, part of Black and part of the Dozier districts. A building of four rooms and to cost about \$15,000 will be erected here.

At Red House, a site was selected on the farm of Wm. Embry for the consolidated school which will embrace parts of Black, Dozier and the Green Oak districts. A similar building to Science Hill school will be constructed there. Both of these schools will become Junior High Schools if conditions warrant.

The board appointed Hack Wilson as trustee for the Pilot Knob school vice Mike Perker resigned, and Wiley Sebastian trustee at Cottonburg vice James Dawson.

BANK ROBBERS LEAVE NOTE AT CAVE CITY

After Locking President In Vault And Escaping With All Money In Sight

(By Associated Press)
Glasgow, Ky., April 7.—The two persons who robbed the People's Bank at Cave City Tuesday, stole a horse and buggy from a farm in Hart county. They drove it to Glasgow during the night where they abandoned it. In the buggy was found a note reading: "I have been fooling with you birds. Next time I'll show you a real stunt." Foot prints found by the posse which is pursuing the pair, indicate that one of them is a woman. Meanwhile officers are looking for Tom Slaughter, alias C. C. Wilson and his wife, Wilson at one time operated a garage in Glasgow Junction.

HOW IT WAS DONE

Cave City, Ky., April 7.—Two bandits robbed the Peoples' Bank in this city, of \$8,500 at noon yesterday and escaped in an automobile after having overpowered Samuel D. Caldwell, President of the bank, whom they locked in a safety vault.

Mr. Caldwell was imprisoned until one of the bank employees returned from lunch, 30 minutes after the robbery. A general alarm was sounded and all towns near by were notified.

A posse, in motor cars, heard that the robbers were speeding toward Glasgow Junction and gave chase, to find, upon arriving at the junction that officials there had sighted the car and after an exchange of shots with the robbers had forced them to abandon the machine and take to the woods. The robbers ran in the direction of Mammoth Cave, and 50 men are scouring the country between this city and the cave.

One of the bandits is comparatively young. The other, according to Mr. Caldwell, is about 50 years old.

The car in which the robbers fled from Cave City bore no license number. It was driven back to this city by a member of the posse.

Mr. Caldwell was alone in the bank when the bandits entered. They drew their revolvers and commanded him to come from behind the cage. He sprang at them, but was overpowered.

They shoved him into the vault and shut the door, then hastily collected all the coin and bills in the money drawer. They then compelled Mr. Caldwell to hand out money from the vault. The engine of the automobile was left running.

The robbery is the twelfth of its kind in Kentucky since the first of the year.

JUNE REED COMES TO RICHMOND WELCH

Mr. June Reid has come down from Berea to take charge of the refrigerator, oil stove and other such hardware departments at the Richmond Welch Company. Mr. Reid has been connected with the Welch Department stores at Berea for several years and has made a reputation as a genial and all-around salesman that is second to none. He is formerly from Lincoln county, a member of one of the most prominent families of Hustonville, and highly esteemed and popular with everyone. His wife and family will join him here very shortly, and will be given a cordial welcome to Richmond.

ANOTHER MURDERER FREED

Frankfort, Ky., April 7.—Governor E. P. Morrow yesterday pardoned Virgil Lucas, of Frankfort who was convicted in 1917 for the murder of James Riley, and sentenced to the penitentiary for life. The crime was committed near White Sulphur. Morrow also commuted to four years the five-years sentence imposed upon Boyd Couch, of Perry county, convicted for manslaughter. The pardon makes Couch eligible for parole, and his application was considered by the Parole Committee.

AUTO IS GIVEN TO MORROW

Governor Morrow was presented with an automobile yesterday by his friends in the state. The automobile was brought to Frankfort by Peter G. Powell, Rex Carpenter and E. Matt Karr Assistant Secretary, of Lexington, all of Lexington. The Chief Executive was pleased with his gift and immediately demanded that a photographer be called to take his picture in the car.

GLEE CLUB TO GIVE "PIRATES OF HAWAII"

Delightful Little Opera To Be Presented By Normal Students Next Tuesday

An opera entitled "The Pirates of Hawaii" will be presented by the Normal Glee Clubs on Tuesday evening of next week at Normal chapel. This is a new production by a California writer, and is meeting with wide popularity.

The scene is laid in the beautiful islands of Hawaii, whither an American, accompanied by his daughter, Dorothy, has gone to take charge of a large sugar plantation. Dorothy is placed in a private school which is attended by a number of rich Hawaiian girls and presided over by Miss Prim, who has a decided aversion to men.

Dorothy's sweetheart, Lieutenant Billie Wood, who is an officer on the battleship Tennessee, arrives in port at Honolulu and writes Dorothy a letter telling her he is coming to see her; and, knowing that Miss Prim will not consent to their meeting, informs her that he and some of his shipmates will disguise themselves as pirates and capture the school. The letter falls into the hands of Miss Prim, who decides to teach the make-believe pirates a lesson. In the meantime a band of real pirates appear upon the scene and Miss Prim promptly captures them by assuring the chief that seventeen machine guns are at that moment trained upon them from a nearby tower. The pirates fall to their knees and beg for mercy. Miss Prim agrees to spare them provided they will put on aprons, go to the kitchen and serve as cooks, which the pirates agree to do. Incidentally Miss Prim and the pirate chief fall in love with each other.

The next day, Lt. Wood appears, dressed as a pirate, and is captured by the real pirates. Dorothy secretly releases him and helps him to escape, after which events begin to happen in rapid succession. The plot is set to beautiful, catchy music throughout and is full of humorous situations. Special scenery has been procured, representing the garden of Miss Prim's school by the seashore.

Lies And Loves In "She Loves And Lies"

"Does a woman lie when she loves? She certainly does, and Norma Tamadge proves it in "She Loves And Lies," in which the popular star is appearing at the local theatres Wednesday and Thursday.

True, Miss Tamadge has a good excuse for her fibs, for she must win fortune and in order to do this she must marry a man, while she is masquerading as a woman of 52, who happens to be the man she really loves and he really believes she is the age she represents.

Some task, but Miss Tamadge is so versatile that she not only makes the aged woman convincingly lovely, but compels her youthful husband to become so wrapped up in her that when he has a chance to escape, what to some would prove a distasteful marriage, he will not let her go. Then comes the surprise when the young man finds out that his bride is a girl still full of buoyancy of youth and the joy of living.
